

Infectious Disease Education

The Governing Board is committed to maintaining a safe, healthful environment for all employees. The Superintendent or designee shall provide district staff with information responding to concerns about workplace safety and explaining the ways by which various infectious diseases are known to be transmitted.

(cf. 5141.23 - Precautions in handling and cleaning up blood and body fluids)

In keeping with the Health and Safety Code, the district shall distribute to its employees information about AIDS, AIDS-related conditions, and Hepatitis B as such information is compiled and updated by the State Department of Education. This information shall include methods of preventing exposure to AIDS and Hepatitis B, including information about the availability of a vaccine to prevent contraction of Hepatitis B. Employees shall be informed as to whether the cost of vaccination is covered by their health plan. (Health & Safety Codes 199.81 - 199.82)
