

Professional Growth

When selecting professional growth advisors, the Superintendent or designee shall consider:

1. Subject matter compatibility, interest in special topics, and interactive skills.
2. Proximity to the work location of the teacher and reasonable workload for the advisor. (Title 5,80556)

The professional growth advisor shall:

1. Advise teachers of school district and state professional growth requirements.
2. Identify growth needs of the district.
3. Assist in defining the teacher's goals and objectives for professional growth.
4. Approve all plans prior to their implementation and upon completion.

The Superintendent or designee shall provide all teachers with the names and work locations of the district's designated professional growth advisors. (Title 5, 80556)

Individuals who hold the following positions are designated as professional growth advisors:

Assistant Superintendent
Principal
Vice Principal
