

## **CUSD ASES Quality Improvement Plan 2020-21**

### **Fremont and John Muir Sites**

Aug 2020

#### **The following Assessment tools were utilized:**

Student and Parent Surveys : California After School Program Region training materials  
On site observations  
Site Staff focus groups

#### **Assessment Reflection**

Quality Standard # 1 Safe and Supported environment  
Fremont and John Muir Parents and Students feel strongly the program provides a safe and healthy environment.

Quality Standard #5 Healthy Choices and Behavior  
Fremont and John Muir Students strongly enjoy the ARTs/Crafts/Sports activities.

#### **Areas for Improvement**

Quality Standards #2 Active and Engaged Learning  
Both school site assessments indicate homework engagement and learning is not strong.

#### **Program Goals**

Increase the number of students completing or almost completing daily homework assignments  
Increase student time on task during homework time.

#### **Activities**

All site staff will increase monitoring and individual tutoring during homework time.  
Parents of Students repeatedly not staying on task during homework time will be notified.

#### **Progress Measurement**

All program team leaders once a month will track how many students completed homework assignments and how many were on task the entire time.  
Monthly staff meetings will review progress from month to month.  
Survey results will be compared year to year to indicate over all progress toward goal.

#### **Responsible Staff**

Lead Program Team Leaders will complete monthly assessment.  
Sites Program Administrator /Coordinator will review progress toward meeting goal at the start of the year, end of the first semester, and year end.
