2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Mission Community Day School is located on the Kings Lake Education Center campus. It has two separate teachers, one teaching grades 6 - 8 and the other grades 9 -12. The middle school students use direct instruction as well as Magna High and Accelerated reader programs to reach all students at the varied levels present within the 6 – 8 grade spectrum. The 9 -12 grade Mission students use Edgenuity which is a state approved curriculum aligned to the state standards. The Assistant Principal of Alternative Education, Mr. Brian Brazier, supervises the schools and courses listed above.

The mission of Mission Community Day School (MCDS) is to provide a personalized education for students in grades 6-8 & 9-12 residing in Corcoran. MCDS students will be prepared as educated, responsible, and contributing students, who can read, write, communicate, and calculate with clarity and accuracy using current technologies and resources. MSCS will empower students to cultivate respect for self and others by offering opportunities for life-long personal and social development while establishing and achieving educational, and personal goals. Mission Community Day School will provide a safe, caring, school environment where students with, educational, and social challenges can best develop the skills and character necessary to rejoin their communities and previous schools with success.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Corcoran Unified School District receives funds from the Williams Settlement; therefore district personnel are required to conduct an extensive facilities inspection. The condition of the facilities and grounds are important. In preparation for this report, the Director of Maintenance, Operations, and Transportation and the Chief Business Official provided the necessary information. The chart below shows the general condition of the site. Good repair is defined as maintaining schools that are clean, safe, and functional.

Kings Lake Education Center (Mission Community Day School) facilities are in good repair. There are minor electrical needs and replacement ceiling tiles needed in a few areas. For a detailed report, please refer to the body of the School Accountability Report Card. A complete copy can be found on the CUSD web page, at the district office, or at Kings Lake Education Center.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Kings Lake Education Center communicates with parents in a variety of ways including campus events, written notices, phone calls, emails, parent link message system, district and school websites and newsletters. We have an open door policy and welcome parents to stop by any time. Due to the nature of instruction at Kings Lake Education Center, parents are encouraged to get involved in their child's education. We ask parents to ensure that students have their assignments completed and that they arrive at school and classes regularly and on time as scheduled. The teachers are encouraged to contact the parents in multiple ways with updates of their student's academic progress, attendance and behavior on a regular basis. Teachers make regular calls to parents of their students giving them information on their child. Parents are also invited to our back to school night giving students a chance to show their progress and growth.

You may request additional information by calling the school office personnel at (559) 992-8885.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.39	0.17	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Maintaining a safe and secure learning environment is a top priority for Mission Community Day School. The Comprehensive School Site Safety Plan was developed for Mission Community Day School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements.

Our plan is updated annually and includes procedures for emergencies, exit routes, and inventories of emergency supplies. Local law enforcement has a copy of our School Safety Plan as well as a school map. In conjunction with local law enforcement, fire department, and city officials, safe school routes have been determined and included in the Comprehensive Schools Safety Plan. Due to various schedules, staff members review the School Safety Plan at different points of the school year.

Students and staff participate in (monthly) drills and the staff is debriefed following the drill with the intent of improving upon our safety procedures. Students at Mission Community Day School participate annually in Digital Citizenship Safety Training. Our school is surrounded by a perimeter fence and all visitors must check into the office upon arrival. All volunteers must complete a district application and receive the appropriate clearances before they can volunteer or chaperone at a school site or during a school trip.

A copy of the Comprehensive School Safety Plan is available in the school office for parent review with the site administrator upon request.

The Comprehensive School Safety Plan was last reviewed, updated, and discussed with the school faculty: 01/28/2022.

2020-21 Types of Services Funded

Mission Community utilizes Edgenuity as its main textbook and is utilized to expand our selection of A-G courses. Accelerated Reader through Renaissance Learning is used to create interest and growth in the students' reading and skills. Accelerated Reader is also used for intervention. Reading Plus Program by McGraw Hill is also used for reading intervention. My Path, through Edgenuity, is an intervention that supports students in English Language Arts and Mathematics. Positive Behavioral Interventions and Supports or PBIS are implemented at the school in order to promote a climate of greater productivity, safety and learning. We provide them with a currency they earn and can use to purchase things from a store we have with items purchased that kids will strive to earn the currency for. Additionally, at the community schools we provide students with counseling for the social and emotional needs. We have a teacher that comes in the afternoon to serve our ELD students several times a week. Moreover, there are counseling services provided for students that have drug abuse issues through West Care. At our community day school we have a smaller number of students affording us a chance to offer a more close up intimate setting to learn from the teacher and paraprofessional. Special ed teachers as well as mentors are provided and engage the students to assist them in school as well as in life. Lastly, we have a partnership with The MJ Project which provides our students with any books they might want or desire at no cost.

Title I, Part A: Targeted School: Funds are provided for academic services to children who are identified as failing or at risk for failing to meet state standards. These funds are utilized to purchase additional instructional materials and services to support the academic needs of students struggling to meet state standards.

Title II funds New Teacher Induction for our staff. New Teacher Induction provides our new teachers with a mentor for the year. The mentor supports the teacher with strategies and feedback to support the instruction in their class and to assist in supporting the academic achievement of their students in class.

LCFF funds are provided to support our PBIS efforts throughout the year.

Professional Development

Professional development is ongoing to ensure that all of our staff stays current with new learning strategies, innovative teaching techniques, and applied technology in the educational field and the classroom.

The teachers at Mission Community Day School campus participate in a four-day staff development training at the beginning of the school year. Designated days throughout the year afford for the PLCs to meet and discuss planning. Due to the various schedules, that the staff has at the site a specific day is not scheduled throughout the week. Professional development for the staff includes sexual harassment training, mandated reporter, safety protocols, and procedures. The administration was also trained on positive school climate and restorative justice practices to further benefit the student population. Attendance accounting was discussed as well as Covid-19 protocols and sanitation. Tulare County Office of Education offers training for our teachers and ongoing professional development during the academic school year. Coaching, teacher-principal meetings, student performance data, PLC meetings, our county office of education-Kings County, training's and conferences all are part of our ongoing professional development. Furthermore, my teachers are involved in internship programs that constantly check in and monitor the teachers in creating and performing certain targeted lessons. NTI mentor meetings for my probationary teachers take place on a monthly basis to keep the teachers compliant with the county and to help support them with the professional teaching standards in order to clear their credentials. We also meet as a staff several times a year to go over curriculum changes and introduce new strategies and focal points. We meet to discuss what's working safety and what needs to be improved upon.

The district also provided training for the Community Contacts on attendance accounting and Covid-19 protocols specific to their positions. Paraprofessionals also went to training on how to deal and work with social and emotional issues that students may face. Additionally, the staff was training on the new curriculums that were purchased for the students. The community contact also received training by CASAS for the purpose of reporting data in Topspro.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
