

Title IX

- Title IX – *New Federal Regulations (85 Fed. Reg. 30026) updates beginning August 14, 2020*

Our District and the Title IX Coordinator are aware of and acknowledge the new Title IX regulations released on May 6, 2020 and effective as of August 14, 2020. Our Title IX team received training on these new regulations on August 14, 2020. Our District training was conducted by The Professional Law Corporation of Atkinson, Andelson, Loya, Ruud & Romo (AALRR) and the materials can be seen by [clicking here](#). We are in the process of reviewing and revising our Title IX policy and practices, which involves hearing from our stake-holders in order to implement a fair, thorough and impartial Title IX complaint process and COE response. As always, if you want to report a sexual harassment incident, please reach out to our Title IX Coordinator, any team member or complete a complain form by clicking here. Information is listed below.

Who is the Title IX Coordinator?

The District has a Title IX Coordinator who oversees the District's compliance with Title IX requirements and promotes sex equity in the District's programs. Contact the District's Title IX Coordinator:
